

LEARNING THROUGH
EXPERIENCE

GROWING THROUGH
EXPRESSION

Every moment is a learning moment at Nature's Classroom Institute. We motivate students in ways they don't even realize they are learning. Instead of looking out the window at nature ~ we teach there!

Our goal is to incorporate the whole environment, teaching through the elements of the world around us.

Our classes are engaging through every step of the program and include your classroom curriculum to keep it relevant to your class goals.

Lake Geneva, Wisconsin

Our site in Lake Geneva sits on the shores of Geneva Lake with ample woodlands, wetlands and open fields to explore. The property shares its boundary with Big Foot Beach State Park which offers amazing wetlands, marshes and bogs.

NATURE'S CLASSROOM INSTITUTE in Lake Geneva, Wisconsin

Why NCI?

Nature's Classroom Institute is the very best in environmental education. We develop tomorrow's leaders through self discovery, collaboration and a deep thirst for learning.

Our program encompasses team building, individual independence, experiential outdoor learning while including the current classroom curriculum of history, mathematics, science, art and writing.

NCI motivates the students to continually learn by teaching through creative and progressive methods.

We build a framework that leads to specific goals and objectives and then, guiding along the way, allow each student the freedom to choose their own path, based upon their natural motivations, curiosities and learning styles.

Explore your opportunity to follow the interests of your students and exceed standards with customized experiences.
